Judge Eiler,

The Council for Refractive Surgery Quality Assurance is the plaintiff in small claims court case 85-011924. The case is currently scheduled to be heard on 3 April 2009 at 1:30pm in the Seattle courthouse. The notice of hearing mailed by the court on 20 March 2009 was received yesterday, 26 March 2009.

It is necessary for me to travel to Seattle from California for each hearing. With this short notice I am unable to attend the 3 April 2009 hearing and I request a continuance for a hearing date after 1 May 2009. I also request the hearing date be not less than four weeks after the notice is mailed to accommodate the one week delay in mailing.

The Cataract Free America is the plaintiff in small claims court case #85-11924. This case is also scheduled for 3 April 2009. I am the Executive Director of both organizations and I represent the plaintiffs in both actions. The defendant in both actions is the same person, Brent Hanson. As a matter of convenience, I request a coordination of these two cases on the same calendar.

A duplicate of this Request for Continuance and Coordination of Cases is being provided by Cataract Free America.

Thank you in advance for your consideration.

Glenn Hagele
Executive Director
